4- Images selection by filtering

The screenshot shows the ACCOR Hospitality website interface for Hotel Scribe-Paris. The page features a header with the ACCOR Hospitality logo and navigation links. Below the header, there's a section for "Hotel Scribe-Paris* Managed by Sofitel" with details like address and property code. The main content area displays a grid of image thumbnails, each with a caption, update date, and download options for "Low res" and "Original" versions. A right-hand sidebar contains filtering options for "Caption Contains", "Image Category", "Orientation" (Horizontal, Panoramic, Square, Vertical), and "Low Res & Original Images" (Original for print use, Low Res for web use). At the bottom of the sidebar, there are instructions for downloading single or multiple images, options to receive images via FTP or email, and a "SUBMIT" button. The footer of the page indicates "IMAGES 1-5 of 5 | PAGE 1".

You have many possibilities to filter images:

- Per category (exterior view, guest room,...)
- Per orientation
- Per image quality

Image quality

Low res : small size (in Ko) for web use

Original : real size (in Mo)
